## Records Look-Up

Look up records set on a given day or month (choose an entire month by selecting "all" under the "Day" category).

**Time Scale:**  **Parameter:**   
**Month:**  **Day:**  **Year:**    
 only return ASOS stations  return Trace values (Precip/Snow)

**Total Number of Records for October 29, 2008**  
**(out of 5,420 stations with at least 30 years of data)**

**New: 83 + Tied: 32 = Total: 115**

NOTE: These records are based on the historical daily observations archived in NCDC's Cooperative Summary of the Day data set and preliminary reports from Cooperative Observers and First Order National Weather Service stations, and as such are subject to change. The Period of Record represents the number of years with a minimum of 50% data completeness. All stations have a Period of Record of at least 30 years.
